Tech Advisory notice 28/07/2023

IMPORTANT NOTE – Before updating any firmware on the Merrychef connex range of high-speed ovens you must first go to the info button and confirm the current version and only use the instructions for that version before proceeding to the update process.

Go to the info button at the startup screen and check the version of firmware currently loaded on the oven, it will be either V1.5.5b - V2.0.0 – V2.01

For Firmware V1.5.5b updating to V2.0.2 see Tech Advisory Number: TAMCF00011 28/07/2023.

For Firmware V2.0.0 or V2.0.1 updating to V2.0.2 see Tech Advisory Number: TAMCF00012 28/07/2023.
